

# GRAM SEVA TRUST

Dedicated to Health Care and Rural Development

23<sup>rd</sup>  
ANNUAL REPORT  
2016-17

## About the organization

### This logo symbolizes the objectives of the organization.

- The words in the outer circle are from the great Indian epic "Mahabharat", saying that "nothing is above a Human". This is also the motto of the organization.
- The triangle in the inner circle symbolizes the hands of three people and stands for community development through participation.
- The light from the lamp in the small hut in the centre symbolizes the development of the weakest and poorest person of the community.

Founder trustees of the organization were inspired by Gandhian thinking and work of great men like Albert Schweitzer. They felt deeply the agony and hopelessness of poor villagers. They saw the plight of villagers and felt a need of medical services in these villages. Hence they brought like minded friends together and founded Gram Seva Trust, an organization dedicated to rural health and development.

In 1994 the trust started a 30 bedded hospital with 5 staff members in an old dilapidated building, given by another trust. As the need arose the hospital was expanded to accommodate more patients and better services. Today the hospital can accommodate 80 patients and has all basic facilities required in a rural hospital providing health services at affordable rates and sometimes free of charge to the needy from nearly 200 surrounding villages of Navsari and Dang districts.

The organization also wanted to improve health of the surrounding villages hence as and when need was identified different community projects were started in the surrounding villages with main focus on health and development of women and children. Immense efforts are put in to decrease malnutrition. Gram Seva Trust also reaches out to the tribals in deep interior villages of Vansda and Dang through satellite centers and general medical mega camps arranged every year.

The organization has also started different projects for development of villages like Self Help Group project (a micro saving and micro lending project for women), trainings for income generation activities, adolescent girl project, tutorial classes to strengthen primary education and a Child Education and Development Centre to improve standard of education in children of landless labourers.

### Vision

- Healthy, Happy, Self sufficient and Self-Empowered Rural communities.

### Mission

- Cater to the Health need of every individual in the society irrespective of caste, creed or economic status.
- Render special care to women and children of our society.
- Promote curative and preventive measures in order to improve the general well being of the society.
- Uplift social and economical status as well as rural development with scientific and rational approach.
- Create awareness for healthy qualitative life and development.

### Governing Board Members

No.	Name	Position In Board	Address
1.	Dr. Ashwin A. Shah	Managing Trustee	Kharel
2.	Mr. Nalinbhai J. Desai	Trustee & Hon. Secretary	Surat
3.	Dr. Harsha A. Shah	Trustee	Kharel
4.	Mr. Nalinbhai T. Desai	Trustee	Dhamdachha
5.	Mr. Dipakbhai A. Vashi	Trustee	Dhamdachha
6.	Mr. Moghabhai L. Naik	Trustee	Pipaldhara
7.	Mr. Dinubhai R. Patel	Trustee	Khaparia
8.	Dr. Anilbhai C. Desai	Trustee	Jhagadia
9.	Mr. Chhaganbhai P. Naik	Trustee (till 6/11/2016)	Surat
10.	Dr. Ratna Magotra	Trustee	Mumbai
11.	Dr. Khushroo Patel	Trustee	Mumbai / USA

### Advisors

Shri Dhananjaybhai Desai	Valsad
Dr. Lataben Desai	SEWA Rural, Jhagadia
Shri I.J. Desai	Surat

Shri Chaganbhai Naik

### Tribute

Gram Seva grieves the sad demise of **Shri Chaganbhai Naik** (Trustee and Donor). Chaganbhai has been a strong pillar of the organization. He has always strived for the betterment of the people of Kharel and Gandeva and has done many projects for their development. Chaganbhai and his family also donated their ancestral land for construction of Parodh Balawas. We pay our homage to him and hope to continue his legacy and work for the surrounding poor and tribal communities as a tribute to him.

## Editorial

Hello friends,  
Wish you all a very Happy New year!

Gram Seva has completed 23 years. Next year the organization shall be entering the silver jubilee year. Your support and well wishes have helped us in our work over these years. We are happy to present before you our annual report of activities. Gram Seva has continued its health and development projects in interior villages of Navsari and Dang districts. You may be aware of some of these activities through our newsletter "Samvedan".

This year we have started dispensing generic medicines free of cost to all our OPD patients. We also conducted 3 mega health camps in interior areas of Dang and Vansda with the support of our donors. Free eye camps are being conducted regularly in the hospital. Parodh Balawas construction has been completed and is functioning well this year. State Bank of India has donated a mobile medical van which has been very useful in our outreach health projects in interior villages.

The sad demise of Shri Chaganbhai Naik this year, our Trustee and big supporter of our activities, has been a great loss to Gram Seva family. Shri Chaganbhai has been our guide and support and has contributed a lot in the development of the organization.

Our experience of 23 years shows that substantial work is required in health, awareness, sanitation, education and economic empowerment in rural areas. We hope to contribute as much as we can in these activities in the community, with your support and well wishes. And at the same time continue with our present work.

We look forward to your opinions and suggestions and hope for your support as always.

Thank you,  
Dr.Ashwin Shah  
(Managing Trustee)  
(on behalf of Gram Seva family)

## Long time Activities

### Hospital Services

Our hospital was started in 1994 to provide clinical services to the poor and needy in the surrounding villages. It has been our motto that no patient should be denied health services for lack of money. In spite of the increasing number of private and trust hospitals in surrounding area, the faith of the people in our services has not decreased. The hospital still provides clinical services in medicine, gynae, surgery, ortho, ophthalmology, ent, dialysis, dental care and physiotherapy to patients from over 300 surrounding villages of Navsari, Surat and Dang districts.

### Sukhabhai Govindji Eye Department

The elderly in the villages are suffering from many health problems due to old age. Cataract and blindness due to cataract is one of their major health problems. Their health is neglected due to many reasons. Our eye department tries to provide services at very low cost to the poor and elderly. Every month free eye camps are conducted where patients are checked and operations are done for free. This year 16 such eye camps were conducted in which 4342 patients were checked and 272 free cataract operations were done. 1653 patients were given free spectacles.

**Table 1: Hospital Services**

Services	2015-2016	2016-17
OPD Patients (New)	24138	22718
OPD Patients (Old)	44496	46484
Total Patients	68634	69202
Indoor Patients	7641	7328
Consultation by Specialist Doctors	68618	69100
Total Surgeries	2112	2114
Total Deliveries	1660	1535
Laboratory Invesg./No.of patients	142200/23700	145200/23500
X-Ray	4229	3803
Sonography	1919	1469
T.B.Patients treated	91	67
Snake Bite Patients Treated	94	119
Physiotherapy	2656	3096
Total Dialysis Sessions	1293	1447
Free Food Dishes Served	83152	85028

### Dialysis Department

With the increase in chronic diseases in the community we are also seeing an increase in patients requiring regular dialysis. Dialysis sessions are expensive and available only in city hospitals which are far away. Our hospital provides dialysis facility at low cost to the patients. This year 1447 sessions were conducted out of which 917 sessions were done for free. Donations for these free sessions, by our generous donors, have helped to increase the quality and length of the lives of many patients.

### Gynaecology-Obstetrics Department and Mamtaghar facility

Safe delivery services help decrease the maternal mortality in pregnant women. Hence our hospital provides 24 hour obstetric services. Our gynaecologists, labour room staff and operation theatre staff are working 24x7 to provide safe delivery services. We also conduct free antenatal clinics thrice a week so that antenatal care is also available to the women. This year 4463 women received free antenatal care out of which 1535 were delivered. 1311 women were delivered for free. Mamtaghar services are also available where women from interior areas and high risk pregnant women can stay 8 to 10 days prior to their deliveries for proper care. The pregnant women

#### Good fortune and Gram Seva saves young Bindiya

*Bindiya (name changed) was a resident of Nani Dabdar village in Dang. She was 6 months pregnant and took antenatal services at Sakarpatal primary health centre (PHC). Due to lack of facilities she never had her sonography done during these 6 months. One day she suddenly started bleeding and her family took her to Sakarpatal Phc from where she was referred to Vansda cottage hospital about 25kms away from Sakarpatal. Seeing her serious condition she was sent to a private hospital in Vansda by the cottage hospital staff. But Bindiya's condition was so serious that even the private hospital was unable to manage her and she was sent to Gram Seva hospital at Kharel about 40 kms away from Vansda. On examination and sonography our obstetrician and gynaecologist realized that Bindiya's placenta (part supplying blood to the baby from the uterus) was lying near the opening of the uterus and hence she was bleeding. She was immediately operated. Her bleeding stopped and her condition improved but the doctors could not save the baby due to the delay in reaching the hospital. Bindiya had to travel about 100kms away from her home to get emergency medical services.*

**Table 2: Sukhabhai Govindji Eye Department**

Particulars	Donors
Total Camps-16	<ul style="list-style-type: none"> <li>In Memory of Late Shri Ambelal Gopalji Naik (Kotha) by Dr.Jayesh Naik, Surat</li> <li>Trupti Parag Charitable Trust, Mumbai</li> <li>Dr. Madhurika Jashwantra Naik Smruti Trust –Navsari</li> <li>In Memory of Late Shri Nicchabhai Desai and late Smt. Total Patients-4342	
Total Surgery-272	
Total Spectacles given-1653	

and their attendants are provided with free meals thrice a day. This year 429 pregnant women availed the services of Mamtaghar.

### Neonatal Intensive Care Unit (NICU)

Nearly 20 to 25 % of the babies delivered in the villages have low birth weights. They require intensive neonatal care which is expensive and not affordable to the poor villagers. Our hospital provides NICU services for free to such babies and helps save their lives. This year 313 babies were kept in the NICU, out of which we could save 257 babies.

### Medical Relief

It has been our experience that in spite of giving medical services at very low cost many patients cannot afford

them. The hospital's motto is that no patient should be denied medical services for lack of money. Hence we provide part or complete relief in the bills of poor and needy patients with the help of donations and government schemes. This year 5577 patients (76.57%) were given relief. OPD patients are also given free medicines in the hospital dispensary. Medicines in our medical store are also sold at prices less than the Maximum Retail Price(MRP). The table below gives information of different relief given by the organization. This relief is given with the help of government schemes and donations. Hence the organization has a perennial need of funds. With the support of well wishers and donors we hope to continue these activities in future.

### Annapurna Bhojnalay

Our Annapurna bhojnalay provides free meals to patients in general ward and their attendants. Others are given meals at very low prices. Thus poor patients from interior villages get nutritious meals to help their recovery. This

#### Intensive medical and surgical care saved a poor farm labourer's life

30 year old Mahesh (name changed) from Gandeva village was bitten by a snake while cutting grass for his cattle. He was bitten at 11.30 a.m on 8th September, but he reached the hospital which was just 5 km away, at 2.20p.m. Thus Mahesh and his family had already wasted precious time in starting his treatment. He was already unconscious when he reached the hospital. Immediate treatment was started at the hospital. Mahesh was given 55 injections of Anti snake venom. Yet the snake venom was so poisonous that the blood tests showed positive results for 4 days. Mahesh also started convulsing. His blood cells were decreasing in number; his blood pressure was decreasing and kidneys were also affected. The whole medical team worked hard to save Mahesh. He underwent 11 dialysis sessions from 11 September to 6th October. The snake bite area also needed minor surgical management. He was also given blood frequently. Thus after intense medical and surgical care Mahesh started improving. The total cost of this care was about Rs 50,000/- but he was a poor farm labourer. He was unable to pay the bill. The hospital waived off his bill and he was sent home without any charges.

**Table 3 : Medical Relief**

Sr.No	Relief Activity	Relief in Amount (Rs)
1	Relief in clinical services like check- ups, operations, investigations, ambulance etc	9,05,546
	Relief in OPD services and medicines	5,52,412
2	Relief in cost of Dialysis sessions	3,15,350
3	Relief in management of child patients	14,23,435
4	Medical store relief	9,37,055
5	Bhojnalay( Free food-85028 dishes)	29,75,980
6	Free Medical camps	22,37,688
7	Satellite centre relief	2,62,379
8	Neonatal care, Deliveries and Rashtriya Swasthya Bima Yojana and other schemes	1,51,25,945
9	Monetary Support in Sanitation project	93,000
	Total	2,48,28,790

Patients coming to the OPD are generally so poor that they are unable to pay the bills for their check up and medicines. Seeing this condition of the patients it was decided to waive of the charges for medicines for all patients coming to the OPD. We have started giving generic medicines free of cost to OPD patients. Every day nearly 250 patients visit the OPD and about Rs.1 Lac per month are spent on their medicines. This expense is reimbursed through donation by our friends and donors. We have also kept a donation box in the OPD so that patients, as per their capacity, can also donate some money for these medicines. But we see lack of enthusiasm in patients and no donations are generated from this box. We hope that more and more people know about our new approach and come forward to help us.

year 85028 free meals were served to the patients.

## Satellite centre

Patients from the interior forest areas of Dang have to travel more than 100kms to get treatment for any ailments. Hence our satellite centre was started at Kudkas, to provide medical services to the tribal people of Dang. Every week our team of Medical officers and Paramedical staff conduct a medical dispensary at Kudkas and treat patients. Those requiring further management are brought to Kharel hospital. This year a total of 6540 patients were treated out of which 117 were brought to Kharel hospital for further management.

## Medical camps

Many patients from interior villages cannot reach Kharel or our satellite centres and remain without services. Such forest areas lack in government health services also. Hence we conduct general medical and surgical camps

in interior villages. Patients are diagnosed in the medical camps by our group of doctors from various specialities like medicine, surgery, paediatrics, gynaecology, ophthalmology, dentistry, orthopaedics, physiotherapy and treated for minor ailments in the camp itself. Those requiring surgeries and further medical management are brought to the hospital at Kharel and managed free of cost. Transport facilities are also provided. After seeing the difficulties of these patients and understanding the need of such camps, many helping hands are coming forward to conduct camps every year.

### Free medical and surgical camp, a boon for Ramila

*Ramila (name changed) was 45 years old and resident of an interior village in Vansda. Her uterus was protruding from her vagina for the last 10 years. Ramila was poor so initially she tried all local medicines and when they failed she even went to some private hospitals but her condition did not improve. She had no money for further management or surgery. Then she heard about Gram Seva's free medical camp at Khambla. Ramila attended the camp and was informed that she needed surgery. When she heard that the surgery will also be free of cost, she immediately sat in the bus taking patients to the hospital. She was operated at Kharel hospital and went home after six days. Ramila and many poor tribal patients like her do not receive treatment due to lack of facilities in interior areas and lack of money to go to higher centres.*

**Table 4: Satellite Centre**

Particulars	2015 - 2016	2016-2017
Total Visit	51	53
General Patients	5582	5010
Gynaec Patients	147	203
Eye Patients	23	20
Total Patients	5752	6540

# Community Health Projects

## Child Health and Nutrition Project

We have been conducting our child health and nutrition project since the last 20 years to improve the health and nutritional status of the children in 101 anganwadis (child care centre) in 22 villages. Our team of medical officer and community health staff conduct various activities like medical check-ups of all children, home -visits, counselling for weaning and nutrition, management of illnesses, health education, promotion of vaccination, referral services and nutrition demonstrations. These activities over the years have helped us improve nutrition in the 0 to 5 year old children in these anganwadis.

## Adolescent Health Project

Adolescence is the period of rapid physical and psychological changes that lead to various health problems and emotional disturbances. To help the adolescents to adjust to these changes and have a healthy life we conduct adolescent health education sessions in the villages. Adolescent girls and boys are taught about the scientific reasons for these physiological changes and what lifestyle changes are required to cope with them. They are also screened for malnutrition and anaemia and treated for the same. They are given Hepatitis B and MMR vaccines to prevent these diseases and their complications.

## Antenatal care

Lack of awareness is a major reason for poor antenatal care and morbidity and mortality of pregnant women. To increase the health awareness in pregnant women and their families our community health workers visit them regularly and counsel them and their families regarding

**Table 6: Child Health and Nutrition Project**

Year	Children Registered in Project	Normal nutrition	Mild malnutrition	Severe malnutrition
2015-16	2983	1803 (60.44%)	920 (30.84%)	260 (8.72%)
2016-17	2939	1834 (62.4%)	869 (29.5%)	236 (8.02%)

**Table 7: Adolescent Health Project**

Sr.No	Particulars	Adol. Girls	Adol.Boys	Total

2	Avg. sessions /month	30	11	41
3	Avg .attendance / month	394	134	528

antenatal care to be taken. Women are followed till their deliveries and till six months after delivery our workers visit and counsel them. Scientific and rational advices regarding health care are given through meetings and health education sessions.

## Geriatric Project

Medical science has increased the life span of human beings. Increase in age also brings with it many health problems like diabetes, hypertension, cataract, arthritis, loss of hearing etc. These age related health problems have escalated, even in the tribal and rural community. At the same time social changes like nuclear families, migration of younger generation for livelihood and life style changes lead to poor care of the elderly. Hence we started the geriatric health project where our community health workers screen all those aged 50 years and above, for any health problems and refer them to the hospital for further management. Health education regarding lifestyle changes to manage these ailments is also given.

## Health education

Health education has been the backbone of all our projects. To improve health awareness in the community, increase health seeking behaviour and adopt healthy

**Table 8: Geriatric Project**

Sr. No.		Total patients	Percent

### Hesitation and lack of awareness by family could have cost Heena her life.

*Second time pregnant, 21 year old Heena (name changed) was a resident of Chondha an interior village of Vansda. She usually went to State Hospital, Dharampur for her antenatal services. One day Heena suffered from severe headache. Her legs and body were also swollen. She was immediately taken to Dharampur where she also suffered from convulsions. She was given medical treatment and advised immediate surgery. But her family members were not co-operative and brought her home. At home she again started convulsing so she was taken to Mankunia PHC which is not equipped to handle such emergencies. The medical officer referred Heena to Vansda cottage hospital. Seeing her serious condition she was immediately referred to Gram Seva hospital at Kharel about 65 kms away from her home. At Kharel hospital Heena was taken for emergency operation. Due to her serious condition this operation was full of risks but both Heena and her baby were saved. Thus lack of awareness in family members, inability to understand the risks and lack of facilities in remote areas would have cost Heena her life.*

lifestyles, we conduct health education sessions in community, in specific groups, in camps, in hospital and wards. Audio visual aids in local dialect are used in these sessions. These sessions have helped improve the awareness in the community and more and more people are availing the health services available in the villages and the hospital, which prevents illnesses or helps manage ailments early.

### Service NGO Project (Mankunia)

Vansda block of Navsari District is lagging behind in health parameters, especially in mother and child health. This is due to interior villages and lack of health, communication

and transport facilities. People are poor, ignorant and have strong belief in traditional healers. Gram Seva was asked to provide health services in 15 villages of Mankunia PHC for three years to improve maternal and child health. From October 2014 to March 2017, Gram Seva has conducted various activities in these villages, like monthly anganwadi check ups, antenatal and gynaecological clinics, health education in villages, home visits, follow up and counselling, referral services for sonography, delivery, NICU care, etc. Given below are the outcomes of three years of these activities.

**Table 10:**

Sr	Particulars	BLS	Target in %	Oct'14 to March'15		Apr '15 to March'16		Apr '16 to March '17	
				Achieved in nos.	Achieved in %	Achieved in nos.	Achieved in %	Achieved in nos.	Achieved in %
1	Pregnant Women receiving complete antenatal care	28%	60%	238/639	37.25%	485/868	55.87 %	462/982	47.04%

3	High Risk Pregnant Women having Institutional Deliveries		100%	47/51	92.16%	115/128	89.84%	148/159	93.08%
4	Malnutrition in 0-5 year old children	53%	42.8%	1032/1852	55.72%	1818/3299	55.11%	1440/2750	52.36 %

### Importance of advocacy in community participation

*Bodwank nava falia is a hamlet of farm labourers. Since one year, we have started a tutorial class for the children of these farm labourers, to strengthen their basic education and prevent school drop out rate. But we found that the attendance of students from std. 1 to 4 in this class was always minimal. One or two meetings were conducted with parents but there was no improvement. We could not understand the reason for their non compliance. After a lot of brain storming we felt that, maybe the parents do not understand the importance of education and what we are doing in the tutorial classes. So we decided to do one to one counseling of parents. Our workers visited each and every child's house and talked with his/her parents personally. They were told the importance of education and also informed about different activities done in tutorial classes for overall development of the child. Slowly the attendance has improved and now many parents personally bring their children to the class. They have also agreed to meet once a month to discuss the education of their children. We learnt that it is important to inform the community about the value of some services and generate demand for them.*

## Rural Developments Projects

### Education

Our community experience of 23 years teaches us that it is very important to improve the basic education level in the society, if we want to improve the health of the community. At present the quality of primary education received by the village children is poor. To improve this education we conduct 13 tutorial classes in villages. We aim to strengthen their basic reading, writing and arithmetic skills and give some value based education to the children. This year 212 children participated in these classes.

### Parodh Balawas (Child Education and Development Centre)

Children of parents who migrate are denied education and development facilities. Our Parodh Balawas provides residential education facility for children of migrant workers and in difficult situations. We try for the overall development of the children and hence have incorporated activities like yoga, kitchen gardening, reading, games, education, art and craft, cleaning and kitchen duties in their day to day activities. Children from std. 1 to std. 12 are residing with us at present. We are happy that one student passed her higher secondary level board exam and 2 have passed their secondary level board exam this year. 40 students participated in taluka and district level sports competitions and 25 won awards.

### Sanitation Project

Gram Seva started the sanitation project to help the people build low cost, good quality toilets and improve hygiene in villages. These toilets are built with the help of government schemes and donors. But many a times the government help has been late in coming and Gram Seva has given monetary support to the villagers to complete

the toilets. This year we have built 31 toilets. In all we have built 145 toilets in surrounding villages. We also try to inculcate the habits of cleanliness and personal hygiene in people. We foresee a need for more work in this area in near future.

### Women's Empowerment Projects

Women's empowerment is an important aspect in rural and village development. Gram Seva feels that rural tribal women should not lag behind in their development and so we conduct various activities for them. It is our experience that rural women need continuous support and guidance to promote their development.

### Sewing classes

Over the years more than 1000 young women have completed their sewing class, conducted by Gram Seva, to help them learn a skill for their livelihood. This year 30 young women have finished their sewing course. Women are also taught other handicrafts and skills that can help support their families. Gram Seva helps women sell their products through retail outlets and exhibitions.

### Sangee Sanitary Napkins Project

Our Sangee sanitary napkin project was started to help women earn their livelihood by productions of napkins and at the same time provide low cost, eco friendly and easy to use sanitary napkins to adolescent girls and village women. This project was started with the support of Rotary club Gandevi, AIPNO( U.S.A.) and Desai Foundation ( U.S.A.). The women associated with the Sangee have been able to produce and sell 7825 packets in last year and earned Rs. 79589. 19 women are depot holders in villages and help sell these napkins in the villages. To make this project sustainable we need to

### Community Social Responsibility (CSR) by our health worker

*Ramilaben Rameshbhai Patel from Endhal village works as a tutor in our tutorial class. She also volunteers as a community health worker in our mother and child project since last eight years. Ramilaben has passed her 12th std and comes from lower income family. During her tenure as our field worker she has been trained in health and education. This has helped her understand the importance of education for any person and she tries to impart this knowledge to her community. One of Ramilaben's student Jigar stopped coming for tutorial classes. On enquiry she was informed that his parents had migrated to Surat for work and Jigar also went with them. When Ramila went to his school she was informed that he had not taken his school leaving certificate. Hence she called his parents who told her that since the school in Surat was far away Jigar was not attending any school. Ramila felt sad that Jigar was losing his schooling and education. She spoke to her family of seven people and Jigar's family and convinced them to keep him with her and continue his education. Thus for the last one and half year Jigar is staying with Ramilaben in her small house of two rooms, as her family member. Ramila is truly doing her Community Social responsibility (CSR)*

### Positive attitude and Result become Motivation for a village woman

*Gram Seva has been selected to conduct basic trainings for Sakhi mandals( micro credit groups of women) in villages of Gandevi and Chikhli Taluka. We encourage the group women to prepare tea and snacks for these trainings so that they earn some money. But nobody was ready to prepare tea and snacks in Navatalav village. On further enquiry it was found that these women took some rest and also watched TV serials in the afternoons when the trainings were scheduled. Hence they were not ready to prepare snacks. On further counseling and cajoling one person Apexaben agreed to prepare tea and snacks. She earned Rs.4575 in five days. This encouraged her and she agreed to prepare snacks for another five days training session. Thus she earned Rs 8675 in 10 days. This not only helped her earn additional money for her family but also increased her self confidence. Thus positive attitude helps in implementing activities, solving problems and motivation.*

focus on marketing, product research and development and packaging of the product. We hope for your help and support in this project.

### Vermi-compost Production( Organic fertilizer produced by earthworms)

Women in the surrounding villages are associated with and are more comfortable doing farming activities. Hence we try to help them increase their income by training them in such activities. This year we trained women in vermi- compost production. Out of which 46 women and 11 men are at present producing vermi - compost. Many farmers were further trained by Suruchi ( NGO, Bardoli) and 21 of them have built brick tanks to produce vermi

-compost.

### Sakhi Mandal training Project

Gram Seva was selected to conduct trainings of village level women's micro credit groups ( Sakhi mandals) in Chikhli and Gandevi blocks of Navsari District. About 1500 women from 87 of Sakhi mandals have been trained till date. During these trainings we realised that women wanted to contribute in the development of their family but did not have the knowledge of how and what to do and also lacked support. We feel that in the coming years we should plan more activities to help and support these women in their quest for better lives for their families.

## Other Activities

### Bal Mela

Gram Seva conducts tutorial classes in villages to improve the level of education in children. We also need to work for overall development of the children along with their formal education. Hence we arranged bal- mela (children's fair) in the Parodh Balawas campus this summer. About 144 children participated in various activities like drawing, painting, paper cutting, video shows, games and discussions. Enthusiastic youth members of Sankalp group from Navsari also volunteered in these activities.

### Newly Married Couple Workshop

Every year we arrange the newly married couple workshop in June just at the end of the wedding season. Our objective is to impart knowledge to the couples about reproductive health and healthy family life just at the beginning of a new phase in their life. Sessions are conducted using audio visual aids and games to make it interesting and easily understandable. This year 58 couples participated in the workshop and expressed the need for such workshops regularly for all couples.

### Donation Drive in Chicago

Dr. Ashwin Shah, Dr. Harsha Shah, Dr.Khushroo Patel and Mr. Dinesh Shah organized an event for donations in Chicago to help support the various activities of Gram Seva. This donation drive has generated interest in the activities of Gram Seva and many have come forward with their support.

### Felicitation

- Drs. Harsha and Ashwin Shah were felicitated by Holland Pet Centre (U.S.A) for the organizations help in distribution of tricycles to children aged below 15 years.
- This year Gram Seva has also been awarded the Golden Jubilee Memorial Award by the South Gujarat Chamber of Commerce and Industries, for our work in health and development of the tribal communities.
- GVK EMRI awarded Gram Seva certificate of appreciation for support in emergency services to patients in surrounding area.

## Mobile Medical Van to reach to the unreached areas for medical services

Gram Seva tries its best to give medical services to interior forest areas of Dang and Vansda. We are grateful to Shri Mishra , Area manager Navsari , State Bank of India, Shri Jangad ( Bank Manager Navsari) and Shri Kiranbhai Patel for their efforts due to which State Bank of India donated a mobile medical van to Gram Seva for its activities in interior areas. We also thank State Bank of India and their officers for this generous donation.

We also received donation of an ambulance from Smt. Manjuben Balwantraai Patel, Mayuriben and Sapnaben due to the kind recommendation of Shri Himanshubhai Patel.

These transport facilities help us reach the unreached in interior areas and provide medical services

## Rangoli competition for staff.

To develop a congenial atmosphere and improve relations in staff we arrange various activities in their monotonous work every year. All the staff members enthusiastically participated in the Rangoli competition organized this year. Shri Kishorebhai Naik and Shri Shabbirbhai Sheikh were the honourable judges for this competition.

## International Women's Day Celebrations

Every year we celebrate International Women's Day for recreation and increase in awareness of women and adolescent girls. This year our theme was, " Importance of education in development of the family". Educationist Sujataben Shah from Sarvodaya Parivar Trust (Pindwal) spoke to the women on this theme. Dr. Timbadiya ( KVK, Navsari) encouraged the women to pursue kitchen gardening which not only gives them fresh vegetables for

their family but also can become a source of income. The women also enjoyed the short comedy skit and songs by our staff.

## Common Review Mission team Visit

The organization works in co-ordination with different government health programmes. To review the activities under these programmes, this year a Common Review Mission Team from New Delhi, visited Navsari District. Our hospital and its activities were also reviewed by this team. We are happy to inform you that this team appreciated the quality of services, record keeping and transparency in our projects. The team work of the trustees, our staff, beneficiaries, donors and well wishers have helped us achieve this recognition.

## Staff Exposure Visit to Shrimad Rajchandra Hospital, Dharampur

This year our staff visited Shrimad Rajchandra Hospital and Disability Centre, Dharampur to learn about their activities. Such visits inspire our staff to improve their present work and get new ideas to do it.

## Blood Donation Camp

Blood donation camp was organized on 21st January in co-ordination with the Indian Red Cross Society, Navsari. Youth from the surrounding villages enthusiastically participated in this camp.

*The purpose of life is to serve  
and to show compassion and  
the will to help others.*

■ - Albert Schweitzer

## Acknowledgement

### We heartily acknowledge and thank all for their help and support.

- All the well wishers and donors in India and abroad who support us in achieving our objectives.
- Shri Sameer Desai and Desai Foundation U.S.A for support to Balmela
- Donors of Gram Seva Foundation (U.S.A.) for their support for child health and “Parodh Balawas” Child Education and Development Centre.
- Donors of our mega health camps and eye camps
- Shri D.D.Desai and Associates, Valsad for their services in Accounts and Audit.
- Tejas Hospital, Mandvi for the screening and management of eye problems in neonates
- Dr.Snehal Kulkarni (Mumbai) & Dr. Ritesh Sukharamwala (Surat) for their voluntary services for our cardiac patients.
- L&T, Hazira health team for Anti snake venom vials
- Shri P.J.Desai Trust and Gharda Chemicals, Mumbai, for poor patient relief.
- Shri.Anilbhai Naik( CMD, L&T) for his continuous support.
- Blood Donors and Blood Banks of Navsari, Bilimora and Chikhli.
- Other organizations like Gandevi Sugar factory, Jalaram Mandir Trust( Kaliawadi) , Shukleshwar Trust ( Anaval), Angheshwar Trust (Amalsad), Rotary Eye Hospital and Rotary Club Gandevi- Navsari, Leuva Patidar Samaj Trust (Navsari), Manav Kalyan Trust (Navsari), Lions Club of Udhna, Hari Om Friends Charitable Trust (Surat) and Amalsad Senior Citizens Club for their continuous support to our activities
- State Health Dept. Gandhinagar for their continuous support and motivation.
- District Collector and District Development Officer, Officers and staff of District Health Department, Asst. Charity Commissioner and Staff, DRDA, and Agricultural University ( Navsari) for their support to all our projects.
- Mamlatdars, Taluka Development officers, Block health Officers, Child Development Project Officers, Primary Education Officers, Medical officers in PHCs and their staff in Chikhli, Vansda, Gandevi and Mahuva blocks, for their support.
- Elected Members of Legislative Assemblies, and Members of District Panchayat, Taluka Panchayat and Gram Panchayat for their support
- Dena Bank-Kharel, Bank of Baroda- Khadsupa, Gujarat Viduyat Company- Gandevi, Kharel Mandli, High Schools of Kharel and Tankal, Gandeva ITI, and Primary School of Khaparia, Khambla, Pimpri, and Pati for their continued interest and participation in our activities.
- The editors and the correspondents of various newspapers of South Gujarat for covering the activities of the Trust and dissemination of information to the community.
- Our trustees, full-time and visiting doctors, consultants, our dedicated staff and volunteers.
- All known and unknown persons for supporting the organization.

## Transparency and Exemplary Service

Gram Seva always believed in transparency of accounts and utilization of donations. The trustees of the organization have provided honorary services as trustees to date. Drs. Harsha and Ashwin Shah received minimal remuneration of Rs 20,000/- per month for their medical services. This year onwards they have decided to continue giving medical services without any monetary remuneration. The organization is honoured by their exemplary services.

■ Shri.Nalinbhai Desai  
Hon. Secretary

## AUDITORS' REPORT

(Under sub section (2) of section 33 and 34 and Rule 19 of the Bombay Public Trust Act 1950)

Registration No. : E/896/Navsari  
 Name of the Trust : GRAM SEVA TRUST  
 For the year ended : 31st March 2017

We have audited the annexed Balance sheet of GRAM SEVA TRUST [(Reg.No E/896/ Navsari) situated at : N. H. No. 8, At & Post: Kharel, Dist: Navsari 396430] as on 31st March 2017 as well as Income and Expenditure Account for the year ended on 31st March 2017.

We have conducted our audit in accordance with auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

1. The accounts are maintained regularly and in accordance with the provisions of the Act and Rules
2. The receipts and disbursements are properly and correctly shown in the accounts
3. The cash balance and vouchers in the custody of the treasurer or trustee on the date of the audit were in agreement with the books of account
4. All books, deeds, accounts, vouchers or other documents & records required by us were produced before us.
5. A Register of movable and immovable properties has been maintained and the changes therein have been furnished to us.
6. All the necessary information required by us has been furnished to us by the Trustees personally whenever called upon
7. No property or funds of the Trust were applied for any object or purpose other than for the object or purpose of the Trust
8. There are no amounts which are outstanding for more than one year and written off
9. For repairs, tenders are not invited but for construction involving expenditure exceeding ₹ 5000/-, tenders are invited
10. The money of the trust have not been invested contrary to the provisions of section 35 of the Act.
11. There is no alienation of the immovable property contrary to provisions of Section 36
12. There are no cases of irregular, illegal or improper expenditure or failure or omission to recover money or other property belonging to the public trust or of loss or waste of money or other property thereof.
13. The provision of Budget to be filed under Rule in the form under Rule 16A is not applicable to the trust. However, the Trust has policy to prepare the Annual Budget.
14. The maximum and minimum number of trustees is maintained during the year.
15. The meetings are held as provided by such instrument.
16. The Minutes Books of proceedings of the meetings are maintained.
17. None of the Trustees has any interest in the investment of the trust.
18. None of the trustees is any debtor or creditor of the trust.
19. The irregularities pointed out by the Auditors in the accounts for the year under audit are have been duly complied with by the trustees.
20. There is no special matter, which we think fit or necessary to bring to the notice of the Deputy of Assistant Charity Commissioner

## You can help us . . .

Gram Seva Trust strives for Health and Development of Rural Communities, especially, its weaker sections like women, children and the elderly.

The activities of the organization depend on donations and hence there is a perennial need of donations and help. We sincerely request you to join us in these activities through your voluntary donations in cash or kind for the following:

### Permanent Donations Scheme

1. Poor Patients Relief Fund.
2. Children's Welfare Fund
3. Bhojnalay( Kitchen) Funds
4. Parodh Balawas Funds
5. Anniversary Donations: these are donations on birth, death or any other anniversaries for treatment or food for the patients. The interest on the amount shall be utilised on the same day every year for the same purpose. The Donors name shall be displayed on a board that day.
6. One Meal for Hospital Patients- ₹. 1100/- (20 U.S.\$)
7. One Meal for "Parodh" Balawas children- ₹. 1100/- (20 U.S.\$)
8. Eye Camp- An eye camp and free cataract operations of all those coming in the camp are organised on donation of ₹. 40000/- (800 U.S.\$) and ₹. 1500/- (25 U.S.\$) for one cataract operation.
9. Haemodialysis: ₹. 500/- (10 U.S.\$) for one dialysis session
10. Adopt one Parodh Balawas Child for educational expense: Rs.36000/year (600 U.S.\$/year)
11. General Donation

We also need donations for hospital and Balawas equipments. Kindly contact our office for more information.

We shall be happy to receive voluntary services in any of our activities like child education, skill development of youth and women, development of database, IEC materials, library, documentation etc.

Donations can be sent through cheques, Demand drafts or direct transfer, in the name of Gram Seva Trust.

**All donations are tax exempted under 80G in India.**

**Donations in U.S.A, can avail tax exemption if donated to Gram Seva Foundation a 501(c)(3) tax exempt charitable non profit.**
